

TWO SHOWS – one for kids, one for adults, all for FUN!

Stage hypnosis is a unique audience participation event everyone talks about for weeks. It's true party entertainment. Iowa stage hypnotist Ray Thompson uses his extensive knowledge of hypnosis, magic, and the theater to entertain at corporate functions, school assemblies or after proms, colleges, fairs, and festivals. "I truly believe the people who volunteer to come on stage are my guests. They are the stars of the show. I am merely the stage director, casting the right person for that part." This philosophy brings a different atmosphere to how the show is conducted.

My mentalism show is aimed at entertaining you with the power of your mind using suggestions and imagination. This is another way to demonstrate "The Magic of Your Imagination."

Ray's background in theater, teaching, sales training, counseling, and magic is used to provide you with a show to remember. Guests on stage enjoy the hypnotic experience and want to be hypnotized again. This is why Ray is brought back repeatedly by corporations and schools year after year.

Professionals in all fields share many common traits such as special qualifications, continued education in their field, membership in professional organizations, and proper insurance to protect themselves and their clients.

Ray has been a Kansas stage hypnotist, a Nebraska stage hypnotist, a Las Vegas stage hypnotist, a Minnesota stage hypnotist, a Texas stage hypnotist, a Missouri stage hypnotist, an Illinois stage hypnotist, a Florida stage hypnotist, a Wisconsin stage hypnotist, and an Iowa stage hypnotist.
